

Centre for Relational Couples Therapy

Supporting therapeutic work with couples

Training/Supervision/CPD

2020-21

Overview

‘Learning to work with couples’

This 12 day (60 hour CPD) experiential training is for those who are qualified in individual counselling/psychotherapy and want to expand their practice by learning how to work with couples.

Completion of this course leads to an award of ‘Certificate in Relational Couples Therapy’.

‘Advanced practice’

A 5 day (25 hours CPD) course for those who have completed ‘Learning to work with couples’ **or** have considerable training and/or experience (over 100 hours).

Completion of this course leads to an award of ‘Diploma in Relational Couples Therapy’.

‘Supervision groups’

These groups will meet for three days (online group is four afternoons) over the year and are designed for those who are currently working with couples. This is an opportunity to speak about the processes that occur between you and the couples you work with, and to learn from those of others. There is a choice between three different groups.

‘Talking about sex in the consulting room’

A one day CPD workshop for those working with individuals or couples. This is an opportunity to explore the issue of sex in your work and how to talk about it. For many of us (therapists and clients alike!) sexual intimacy can be a place of hugely heightened hope and fears, yet often it is simply not talked about. If you feel some trepidation in this area this day may be just what you need to open up this enormously important area of therapeutic enquiry. This workshop is running twice each year.

CPD certificates are available at the end of each course (and for up to one year after completion).

Course detail/dates/how to apply

‘Learning to work with couples’

This 12 day course integrates experiential learning, reading and discussion, practise and supervision.

The course is divided into two sections:

Learning about couples

Firstly we begin by exploring the relational-system that is a couple relationship and use role-plays to practise ‘sitting-with’ a couple. We will explore the basics of couples therapy: including ‘initial meetings’; ‘conscious and unconscious shapes couples make’; ‘why do people couple?’; ‘ways of holding a couple’; ‘exploring your own coupling experience’.

Skills sessions will take place in the afternoon of each course day.

Course dates (all 2 day Friday/Saturday meetings apart from December which is Saturday/Sunday):

Friday 13th/Saturday 14th November 2020

Friday 27th/Saturday 28th November

Saturday 12th/Sunday 13th December

‘Talking about sex in the consulting room’

A one day CPD workshop for those working with **individuals or couples**. This is an opportunity to explore the issue of sex in your work and how to talk about it. For many of us (therapists and clients alike!) sexual intimacy can be a place of hugely heightened hopes and fears, yet often it is simply not talked about. If you feel some trepidation in this area this day may be just what you need to open up this enormously important area of therapeutic enquiry.

I am running this day on two separate occasions.

Date: Saturday 16th May 2020

Saturday 15th May 2021
